SUBJECT: Proposed Revision of DCID 1/19, Para 36

1. During the latter part of calendar year 1984, the Compartmentation Subcommittee reviewed the whole of DCID 1/19 to determine the adequacy of the guidance in it. Proposed changes to paragraphs 19, 25c, 27d, 31 and 33a were previously provided to the SECOM staff for appropriate action.

2. At its 21 February 1985 meeting, the Compartmentation Subcommittee addressed the sole remaining DCID 1/19 issue. It concerned paragraph 36 dealing with foreign ownership, control or influence (FOCI) of US industrial firms doing contractual work for US Government agencies. The subcommittee reviewed a predeveloped proposed rewrite of paragraph 36. It made some modifications to the proposal and agreed to the final version which is submitted as attachment 1.
